

# Fully-Funded Wildfire & Integrated Natural Resource Training

**20-weeks**  
**Starts March 6, 2023 in Cranbrook, BC**

Looking to find your niche in BC's growing natural resource sector?

This comprehensive, field-based program introduces participants to a wide variety of possible career paths in natural resources, from Wildland Firefighting to Environmental Monitoring. Covering 17 valuable industry certifications in just 20 weeks, participants will gain skills, support and hands-on experience to launch a fulfilling career in BC's natural resource industry.

This program includes:

- Occupational First Aid - Level 3
- Environmental Monitoring Certification
- Natural Resource Field Studies including: species identification, forest health, climate change & sustainability, fuel mitigation, indigenous ecological knowledge and more
- Silviculture Surveyor Training
- Basic Chainsaw & Brush Saw Operator
- Wildland Firefighting (S-courses)
- ATV & UTV Off-Road Vehicle Operation
- Wildlife Danger Tree Assessor
- Pesticide Applicator
- Work Readiness Skills and more

Only 12 spots are available to EI eligible applicants living in the East Kootenay region.  
Contact your local WorkBC Centre or visit our website for details.
